## WAYS TO PAY

### REGISTER WITH A DEPOSIT & SCHEDULE YOUR PAYMENT

With this payment method, you can reserve your child’s placement in one or multiple camps with a \$25 registration deposit for each camp—the remaining balance is due by the Monday prior to the week registered. Each session deposit is deducted from the balance due each week.

If you register with a deposit only, you will need to sign up for automatic bank draft transfers using your checking account or credit card. At the time of registration, all payment information will be stored in your registration account and scheduled to be processed.

### PAY IN FULL

You can reserve your child’s placement in a camp by paying for the full amount at the time of registration with cash, check or credit card. If a schedule change is required, camps paid for in full are refundable minus the \$25 deposit for each camp canceled if requested at least three days in advance.

### THIRD-PARTY PAYMENT

The YMCA accepts third-party payments from organizations including Child Care Resource Services (CCRS) and DCFS. All third-party payment arrangements require completed paperwork and confirmation of payment terms before a camp reservation is processed. For those qualifying for third-party payments, it is to your child’s advantage to coordinate payments in advance. We strongly recommend a 30-day lead prior to registration to ensure camp availability. Please contact Kayla Carter at 217-239-4955 for additional information.

All camp fees are based on per week unless noted in the description otherwise. As a membership benefit, all camps are offered to YMCA members at a reduced rate.

\*Membership must remain active through August 13, 2026.

Registration balance due by the Monday prior to the week registered.  
Camp Deposits are NON-REFUNDABLE.

# YMCA INCLUSION POLICY

The Stephens Family YMCA, in partnership with Larkin's Place, is dedicated to providing a welcoming and inclusive environment where children of all abilities can safely participate and thrive. We value each child as an individual and are committed to working collaboratively with families to support meaningful participation in our camp programs.

We offer a range of inclusion support services designed to help children with disabilities participate in YMCA camps alongside their same-age peers. Our goal is to promote access, independence, and success within a group-based camp setting whenever possible.

## Our Inclusion Services

Inclusion supports may include adapted programming, reasonable modifications to existing activities, environmental supports, and, in some cases, the assignment of a 1:1 inclusion counselor. These supports are intended to help children access camp activities safely and meaningfully while participating as part of the larger camp community.

## Our Inclusion Model

The YMCA's inclusion model is based on the belief that children benefit from participating in programs with peers of the same age in a group-based camp environment. Inclusion supports are intended to help children access camp activities safely and meaningfully within those group settings.

All requests for inclusion support are reviewed on an **individual basis**, and the level and type of support provided is determined through a **collaborative process** involving families and Larkin's Place. This process considers each child's strengths and needs, the camp environment, staffing capacity, and the safety of all participants.

YMCA camps are designed as recreational programs focused on fun, social connection, and skill-building. Camps are **not designed to provide therapeutic or clinical services**. Inclusion counselors may support children by assisting with understanding directions, modifying rules or activities to allow participation, providing breaks, assisting with personal care needs (such as changing or toileting), and using positive behavior strategies when children become emotionally upset. These supports are intended to provide **reasonable modifications** that allow children with disabilities to participate alongside their peers whenever possible.

While inclusion supports are individualized, all YMCA camps are intended for children with and without disabilities to participate together in a shared camp experience. At this time, we do not offer camps that are solely designed to provide individualized or therapeutic services. In some cases, a child's needs may exceed what can be **safely or reasonably supported** within a group-based camp structure or within current staffing capacities. When this occurs, YMCA staff will work collaboratively with families to discuss available options and next steps.

Families are encouraged to consider the settings in which their child has been most successful when determining whether YMCA camp is the best fit. Parents are always encouraged to contact Larkin's Place to discuss their child's individual needs and explore how inclusion supports may help create a positive camp experience.

# YMCA INCLUSION POLICY

## Scope of Services

We provide inclusion support for children with:

- Intellectual disabilities
- Physical disabilities
- Developmental delays
- Other disabilities that may impact participation in camp activities

At this time, the Stephens Family YMCA is not able to provide skilled nursing services (such as tracheostomy care, IV care, or other advanced medical procedures). All accommodations related to personal or medical care (including medication administration or personal care needs) are determined on an individual basis through a collaborative evaluation process with the Larkin's Place Director

## Safety and Advance Notification

The safety of campers and staff is our top priority. Families must notify the YMCA of any need for inclusion support prior to the start of camp to ensure appropriate staffing and supports can be arranged.

If inclusion needs are not identified in advance and a child is unable to participate safely in camp activities, the child's participation may be temporarily paused while the team works with the family to evaluate appropriate accommodations and support options.

## Requesting a 1:1 Inclusion Counselor

If your child has not previously attended Larkin's Place Camp and requires a 1:1 inclusion counselor:

- Please contact Alyssa Anderson by February 16, 2026
- Families will participate in an evaluation meeting to determine appropriate supports
- Following the meeting, staff will assist with registration and inclusion planning

If your child has previously attended Larkin's Place Camp and had an Inclusion Counselor:

- Please register for "Inclusion Counselor for a Child with a Disability" for the required camp weeks in Daxko
- Registration must be completed by February 23, 2026 to ensure staffing can be secured
- YMCA staff will follow up with next steps for camp registration

We are committed to hiring qualified staff to meet inclusion needs. Early registration is strongly encouraged to allow sufficient time to recruit, onboard, and train staff to best support your child.

# YMCA INCLUSION POLICY

## Important Staffing Notice

Inclusion counselors are scheduled based on identified needs, staff availability, and overall camp capacity. While we make every effort to meet inclusion requests, inclusion counselor availability is limited and cannot be guaranteed for every requested week.

## Accommodations and Modifications

We strive to design camps that are engaging and accessible for children of all ability levels. Many activities are universally designed to support a wide range of needs. Families may also request reasonable accommodations or modifications, including:

- Adaptive equipment
- Visual supports
- Access to the sensory room

If you have questions about whether a specific camp is a good fit for your child or would like to discuss possible accommodations, please contact:
